Sage (N.) >[ME: Latin. Sapere, to be wise] One who is venerated for experience, wisdom and calm judgment. One with self.

Super-Mind: The connection of the subconscious into the Infinite. It's a **systematic technique** empowering the SUBCONSCIOUS mind that then promotes the automatic nature of your natural SELF to bring you to more ease, calm, prosperity and more life.

Crew Training : In 1911, Charles Haanel (The Master Key) used the word "crew" and "captain" loosely, by way of describing the relationship between the conscious and sub-conscious minds. Y

You became the (the Captain) who dictates desires, motivation and terms to the (Crew) subconscious. Later, in 1964, Dr. Joseph Murphy, in his landmark best seller that sold over 1,000,000 copies, "**Power of the Subconscious Mind**," he used the expression, "Crew Training" more extensively. Both books are readily available at any book store and we recommend the Murphy book by on every Initiate Sages night table.

Captain = Conscious Mind or the = Reasoning mind.

Crew = Subjective (servant) mind which takes orders from the Captain

Crew Training = Technique and application (meditation) to manifest desires of will.

Prosperity Consciousness : This is when you actually believe that the Universe and all who in habit this earth plane, now and in the past, are here to support you. It's also considered "weight loss for the mind," in that you lose any aggressiveness. Plus, the ego of "them against us" **evaporates** and you gently begin to become one with nature. Who is waiting to respond to your natural. Not hard and usually takes a month or two of meditation.

Soldiers of Prosperity: This is our word for "family." To us, family is the world coming together "as one" when needed. Family is love, just as the law of attraction is the law of love.

You simply become an attraction. Families are troops. We fight for each other. Families are post-in notes as in we stick together and fight for each other.

Pioneer Doer: Any Sage who can command SELF to such a degree that they live a life that gives evidence to their words, ideals and what they believe in. Which requires practice and a studio like ours to establish.

Simply because most people work in an environment that only tolerates them, versus one that celebrates them. Does your lifestyle reflect what you said you would "do" three or four years ago? If not, why not?

Wisdom School: Our live work-shops and "Aladdin's Lamp" life rehearsal studio. (Monthly)

“What Does The Subconscious Do?”

1: It ties your shoes, drives you home after work and is the location of EASE & PERFECTION. Because of this and of which Napoleon Hill (“You Can Perform Miracles Too”) called, Cosmic Habit-Force, after a habit has been rehearsed long enough, nature drops that habit *into the subconscious* and SELF performs that “habit” *without struggle* and in fact, the task then become an automatic response to energy & repetition.

Examples would be any Millionaire who can re-build again and again even after they lose it all. How? Because the SUBCONSCIOUS has been “set” to wealth. All of John Lennon’s song were located and “found” through his oneness (Super-Mind) with SELF and **Tiger Woods** is virtually all subconscious.

2: What gets planted into the conscious eventually falls into the “sub” which then becomes cosmic habit force. **Here’s another example:** Poor people rehearse and speak about—all day long—what they don’t have and they “sob story” until kingdom come and therefore because the weaker class multiplies their LACK in their minds all day long, more of same becomes their habit. The poor **of mind** always get poorer.

SUPER - MIND

It’s When Smart Becomes The New Sexy

3: The subconscious remembers phone numbers for you. It cleanses your intestines 24/7 and never sleeps. It repairs your “oppsies” and patches your cut up knees, plus if you speak nicely to It, nice things show up.

4: The game is to speak to your **SUBCONSCIOUS** just before your date with the sandman each p.m. Why? Because the negativity of the conscious is about to go away. Yes, the conscious DOES sleep, but the voice in your head that you take with you into the shower each day—*never goes asleep*. And can be commanded.

5: Your conscious brain uses *deduction*, what Mom used to teach you and *what happened to you* years ago to make a decision. However, if wooed properly, the subconscious is connected to ALL that IS and has no perception of less than perfect. ONE MIND created the Grand Canyon, controls the oceans and can also be your Aladdin’s lamp and make you ten feet tall and bullet proof. **SUPER-MIND.** *If taught how to use.*

SUPER - MIND

It’s Literally About Assuming the Nature and Consciousness of your goal

6: Most people have little respect or knowledge of their hidden Genie of the mind. That’s because the MIND is issued to all at birth, FREE and as such, most don’t respect **or even notice** what is given on the house.

Plus, to **HOLD** into your **imagination** what you *can’t yet see*, like Elvis, Einstein and Steven Jobs did, is an “agony” of focus that most people whine, “not for me.” Too bad. Don’t guys know that a mind half used (50%) is a life only *half (50%)* experienced? Wow!

7: The subconscious needs no justifying proof because what is found (awareness & intuition) is instant all enlightenment. What’s found in the subconscious just “IS” and **requires no evidence**. This is where **Beethoven** said he “saw” his music *and how* all great artists and poets—and the rich—*explain their ability*.

8: The natural flow of the Universe is BE + DO = Have. Those who learn to assume the MIND of what they want (which is light years beyond goal setting) uses the same energy that makes the oak tree an oak tree. The massive OAK never “does” pine tree because its been **SET** by habit-force to always “do” oak tree.

This distinction **separates** the rich from the poor and dictates, “You can never have, possess or even “do” beyond what you were not first AWARE of *and conscious* of BEING. Elvis was Elvis before he was Elvis and everything CAESAR did you can do better! The POWERFUL were, early on, AWARE of their ability

Notes From The Super-Mind: Pg. 25

1: Life will be to you *what you are to It*. The trees, the rivers and He who made you is watching and taking notes. To the extent that you **add more** will be given to you. If you subtract in anyway, from His children, strife and less will be leveled upon you, as in, “much will be taken away.” That’s gospel.

2: All of the rules of the UNIVERSE *conspire for it’s own good*. So in fact, it’s all a set-up and its job is **to protect** Its own **integrity**. Almost as if It is saying, “Alright little man, give it a shot, let’s see how well you will play. We have sent you signs, teachers and means to influence, to grow very large and to have whatever you want; alright, on your mark, get ready—go!”

3: Then the Universe says, with her little wry wit, “*Go ahead Charlie, make your move and if you insult me and only use a portion of what I gave you, because you ignored and distrusted me, nah-nah-ni-nah-nah, I will only give you what you first see in yourself. So there!*” **Then NATURE says...**

“In fact, I will haunt you and give MUCH increase and make Kings and bring much WEALTH to people who are half as educated and as slick as you just to remind you of what you decided NOT to be or even to ASK for!”

Note: Make a concentrated effort from now on to study people like me, who don’t posses much education, who sound common and who have tattoos and who were measured “slow” in school, who have *more influence than you*.

Well now you **know why**: Because *the system* is set up to reward FAITH.

Not education. To reward the giver. Not the taker. In fact, spirit doesn’t have the word “take” or “get” in its spirit mind; only the word *give*.

The rule then is sow, serve, give and *believe to see*. Not “see to believe.”

4: From there, the All Knowing says, “*If you fail to love me first, I will make whatever you gain outside of me, give you guilt, sorrow and leave you wanting.*” *Meaning, that no matter what you earn \$\$\$ it will offer NO joy and comfort if the gain was not through Him and thanked, for His blessings.*

The system will give you many, many people all guiding you to the same place. Books and courses will be offered to you as well as constant DESIRE. And the Universe will ask, “Well, do you trust? Are you listening?” And to those who ignore or scoff and who fail in faith, much will be taken from them as a reminder of their lack of faith and also as a token given back to them, for their ignorance.

No one escapes FREE of the system. Even those with too much pride to seek wisdom must pay in regret through the **AGONY** of wisdom. *Ask the poor.*

Please Learn These Two New Words

From now on, whenever you hear or read, in any books, the words conscious mind, the world without or objective mind, please now use the word “Captain” instead. Because I will. From now on.

The Captain

Conscious Mind + Objective Mind = Captain

Think of the Captain on top of the ship. He is the voice and commander than runs the rest of the ship and navigates it safely. *You will now represent and play the part of the captain.*

Captain and Crew Training

From now on, whenever you hear or read, in any books, the words **SUBCONSCIOUS** mind or subjective mind, please now use the word “Crew” instead. Because I will.

Subconscious Mind or Subjective Mind = is now called “the Crew.”

As Easy as Duck Soup, and I’ll Prove it To You

Conscious

1: The **captain** sits all the way on top of the ship and he is now your conscious mind. Some call him the objective mind.

He is basically a worry wart, does loads of thinking and often forgets who he is because he listens to what his friends tell him he is. He is also known as the conscious mind.

Subconscious

2: The **crew** sits way down beneath sea level. You can’t see these guys, but there is an entire team below. Some people call this the **SUBCONSCIOUS** or the Subjective mind, who do whatever the captain dictates to it.

The Crew can even bring you a **Million dollars** if the captain says so *and the crew believes him.*

The crew is responsible for keeping the ship afloat. The crew does whatever the captain says, **as long as he means it.**

The “Crew” **can not** create or decide. All it can do is “copy.” Think of a copy machine. Therefore, when you verbally (as the Captain) direct the Crew, all it hears is a to-do list and doesn’t differentiate, decide yes or no because its only job is to **take orders** from above.

The captain is on deck, above the water while the “Crew” and the workers are down beneath.

Same here.

The conscious sits on top and the powerful subconscious is beneath.

P.S. The crew loves you to death.

What To Say and How To Answer When Other Kids Ask. . .

“What is The Secret To Life?”

When people ask me that, I always smile and say, “not sure, but let me tell you some truth.”

So what could be the secret to life?

1: Some say, “You’ll have to go to work early and come home late if you ever want the luxury of someday being able to go in late and retire early.” Then I heard someone else say, “Gotta work hard. Gotsta go to college.”

Now for me, those suggestions fall on deaf ears and here’s why.

- A) Because my dad worked his touckas off and died broke.
- B) I never went to college and almost flunked high-school. So there!

2) The **SECRET to LIFE** is crew training and being able to *delegate* to your self, as a law of being, exactly what you want and deserve and getting it. Which is a huge notion because *people do the opposite* and ask every other self. . .they ask *other people* permission to live.

- ** “Please tell me, Who am I?”
- ** “Where shall I work?”
- ** “Will YOU give me a pay raise?”
- ** “Can someone make me happy please?”
- ** “Tell me is it sunny or not?”
- ** “Please burp me. Doesn’t anyone care?”

Only a select few **Dictate to SELF** and live a life which gives evidence to their **SUPER-MIND** super natural abilities. Lincoln did. Oprah does. Einstein did. Ali and Arnold did. Anyone can, but most don’t give **SELF** permission to.

3: *It is the coordination of these two nerve centers, the Captain and his Crew and being able to sufficiently orchestrate them both as one, in due harmony for the greater you, your family and to all, which is the GREAT secret of life.* (ask Picasso)

Why is this a secret? Because so few do and even fewer believe in this ability which was and is their doggone birth right for St. Peters’ sake!

Inside of each of our genius, we can work together with this “hidden” working order and bridge **the union** of the objective and subjective minds. Oprah did. The real magic is when you realize that *you can consciously harmonize your life* to bring the Infinite down to you, a finite person—to your **SELF**—and **THAT** is the magic. That is the Secret.

Now Test Your Prosperity Consciousness: If we showed you how to earn an extra \$10,000 in the next 60-90 days as a re-seller of **SUPER-MIND** and you believed you could and would, now be honest, would your **SUBCONSCIOUS** mind *believe you?* Be honest.

Poverty Conscious Not too bad. Needs some work. You think like a Millionaire!

No Matter What Your Goal is, if the Crew Doesn’t Believe the Captain All Bets Are Off.

These Are The Rules. Break Them at Your Own Risk:

“Are There Any Un-Written Rules?”

Why yes, there are many “un-written” rules. Those in the know win and those who haven’t a clue carry their lunch and work for them. Grab your chin.

Secret Club-House Over Achievers Rule #1

When you leave school house earth, the only thing you will be able to take with you, after you graduate, is everything you ever gave away for free. Not your money. Not your kids. Not your snazzy new dress. Nothing. *Just leverage.*

Secret Club-House Over Achiever Rule #2

The wealthy learned to *separate* time from money and as such, they use the minds and hands of other people to do their bidding for them 24/7 and even on weekends. **FAILURE** to this science of the rich will make you *their* hire.

Secret Club-House Over Achievers Rule #3

You will never out-earn your lips. In the beginning was “the word” and as such, every word you utter the subconscious acting upon. That’s’ money. Bank on it.

Secret Club-House Over Achievers Rule #4

No one breaks the rules and gets away with it. Consequence *is nature's reward* for people who resist TRUTH (wisdom) and she levels the agony of wisdom. You either are ADDING to nature or subtracting. No hiding. Play *or* pay. Use *or* lose.

Secret Club-House Over Achievers Rule #5

Most people, not all, but most people who have jobs, have a job because they never believed in SELF or took the time to learn how to **create their own work**. The 96% who were too impatient, work for the 4% who decided to be on top.

Secret Club-House Over Achievers Rule #6

The 96% who do not believe in their right to be **FREE** work for the **4%** who did.

Secret Club-House Over Achieves Rule #7

To the degree that you *allow* others to control you, your life is predictable. Who pays you? Who tells you when and how to be happy? Who dictates to you whether it’s a sunny day or not? Who controls your temper? You or **your kids!!!**

THIS IS WHY we do not include or offer Benefactors a website. While we supply them with home pages, letters, ect, we seek to posses *nothing* or be in conflict with anyone’s right to become the “CEO” and to control their own sales funnel.

** **Super-Mind** is on the creative plane. Not the competitive *or* restrictive.

** **We believe** that to use words like “Capitalist” we must seek to **empower** versus setting up “affiliates” who we would then control and have access to their lists.

Secret Club-House Over Achievers Rule #8

You must “be” before you can “do” and you can only “do” to the extent that you “are” and what you are, depends on 100% how you think. Whatever you are getting in life *is simply more of yourself*. Change your mind and “I am” and you change. You can’t “be” or have more than your self-image **will allow**. Amen.
